

The 1st World Goju-Ryu Karate Championship came to an end. It is now time to preserve its memory and to work to assure that the next edition to be held in Cape Town (South Africa) in 2013 might achieve what this edition couldn't. To aim the best for Goju-Ryu is the main goal of World Goju-Ryu Karate Federation and we are sure that this gathering project will grow inside our common family.

In brief, and for explanation to those who might not know us yet, we must say that on an European level, European Goju-Ryu Karate Group (since 1993 **European Goju-Ryu Karate-Do Federation** - www.egkf.net), exists since 1983 and on a World basis since 2006 (although the idea was presented early in 2003, during the 11th European Goju-Ryu Championship for Seniors, held in Elvas [Portugal] by Sensei Marcello Tiberi, chosen this year as Honorary President of WGKF). Nevertheless we must say that WGKF, the **World Goju-Ryu Karate Federation** (www.wgkf.net), is not a typical federation; in fact our **ONLY** goal is to meet on a sporting level and for one competition, **ONLY of Karate Goju-Ryu**.

We believe that this project will give new impetus to our style which has recently been neglected and is currently at risk of being increasingly less considered, even though it is the oldest of all Karate styles and the most practiced in the world.

To our members we ask not to change any school loyalties, or masters but merely to comite themselves to:

- Organize a Kata and Kumite National Competition once a year in their own countries;
- To invite all known Dojo's which belong to any Goju-Ryu School and operating in every Federation, or none. There will be no restrictions because nobody will be asked to change Goju-Ryu School or Federation, but simply to meet with all other dojo's for competition. We intend to organize the event in this way with the aim of calling this competition National and **OUTRIGHT**, a competition in which everybody will be able to take part with the only exception of those schools who do not have any competitive athletes to present.

Whoever wins this competition will be able to call himself **OUTRIGHT National Champion** even if, as is evident, only for the Goju-Ryu style. There will be no better athlete in any country that year. This is a major distinction which

nobody has ever had, as in individual countries, and on a global level, there are at least 4 or 5 Federations. How can an athlete currently call him/herself the best in his/her Karate category when in the same one there can already be 4 or 5 other champions of Goju-Ryu Karate from their own Federations? Today, thanks to our Group this problem has been overcome. Whoever wins is certainly going to be the best in their category, in their country, in their continent and/or in the world for Goju-Ryu Karate and can proudly assume that he is the best within its category within its style. Looking almost an obvious idea if we look at it we will clearly notice the difference to the actual *status quo*.

As previously said it is now time to preserve the memory of the great event that was our Firts World Championship and that is the main task of current *World of Goju* magazine. Again a long lasting dream to be published on-line but also posible to obtain by subscription in the traditional printing form.

Hopefully, with the help of all, we can make out of it a dynamic publication for our style issues and to gain a future stable periodicity.

Here it is then for your comments, attention and future cooperation.

Yours in Goju
